

HUD's Office of Native American Programs **Workshop Announcement** for HUD Assisted Projects

MAY 21-23, 2019 **ENVIRONMENTAL REVIEW** **WORKSHOP**

3-day interactive Workshop and Training

AAHA is hosting a hands-on, 3-day Environmental Review workshop to provide HUD recipients with the necessary skills to ensure full compliance with the requirements of 24 CFR Part 58. Participants will become familiar with: responsibilities of responsible entities; achieving compliance with NEPA and related laws, executive orders, and regulations; preparing environmental review records; making environmental review determinations, identifying environmental impact; the consultation process, public notices and comment periods; and processing the request for release of funds. **Please bring a copy of an IHP (current or past) for practice purposes.**

Trainers

Shannon Reynaga an experienced local ERR Officer and Project Manager with AHA since 2008. He has attended, tested, and passed many HUD related courses relevant to his position. **Kennedy Serr**, Chief Administrative Officer with AHA has worked over 10 years in construction. Both she and Mr. Reynaga provide technical assistance to other housing authorities and have worked with AAHA to provide other ERR trainings.

Who should attend?

The course is designed to train staff responsible for conducting environmental reviews under HUD's 24 CFR Part 58 regulations.

Registration:

- ▶ To register for the in-person training, please [click here](#)
- ▶ To register by phone call Cynthia Gurisko at AAHA at (907) 330-8397 or email: cgurisko@aahaak.org
- ▶ Registration for this workshop is FREE!

OVERVIEW

Environmental review is the process of reviewing a project and its potential environmental impacts to determine whether it meets federal, state, and local environmental standards. This is required for all HUD-assisted projects to ensure that the proposed project does not negatively impact the surrounding environment and that the property site itself will not have an adverse environmental or health effect on end users.

**See how to
complete an ERR
From start to finish.**
